

Addendum

Sergei M. Korneev,* Dieter E. Kaufmann *Synthesis* **2002**, 491-496.

Page 491, right column, paragraph 2, line 3. "TMEDA," should be replaced by "TMEDA,^Z". Reference Z is as follows:

- (Z) For several reviews and original publications reporting related examples of lithiation with BuLi and BuLi/TMEDA see: (a) Kaiser, E. M. *J. Organomet. Chem.* **1982**, 227, 1. (b) Snieckus, V. *Chem. Rev.* **1990**, 90, 879. (c) Neugebauer, W.; Kos, A. J.; Schleyer, P. v. R. *J. Organomet. Chem.* **1982**, 228, 107. (d) Neugebauer, W.; Clark, T.; Schleyer, P. v. R. *Chem. Ber.* **1983**, 116, 3283. (e) Bauer, W.; Clark, T.; Schleyer, P. v. R. *J. Am. Chem. Soc.* **1987**, 109, 970. (f) Ashe, A. J. III; Kampf, J. W.; Savla, P. M. *J. Org. Chem.* **1990**, 55, 5558.

Page 492, right column, paragraph 2, line 7. "dilithium derivative **9**" should be replaced by "dilithium derivative **9^Y**". Reference Y is as follows:

- (Y) References relevant to the preparation of the parent compound and related dilithium compounds as well as to the structure of these dilithiostyroles: (a) Eppers, O.; Günther, H.; Klein, K.-D.; Maercker, A. *Magn. Reson. Chem.* **1991**, 29, 1065. (b) Maercker, A.; Klein, K.-D. *J. Organomet. Chem.* **1991**, 401, C1. (c) Maercker, A.; Bodenstedt, H.; Brandsma, L. *Angew. Chem., Int. Ed. Engl.* **1992**, 31, 1339; *Angew. Chem.* **1992**, 104, 1387. (d) Ashe A. J. III; Savla, P. M. *J. Organomet. Chem.* **1993**, 461, 1. (e) Mons, H.-E.; Günther, H.; Maercker, A. *Chem. Ber.* **1993**, 126, 2747. (f) Maercker, A.; Daub, V. E. E. *Tetrahedron*, **1994**, 50, 2439. (g) Günther, H.; Eppers, O.; Hausmann, H.; Hüls, D.; Mons, H.-E.; Klein, K.-D.; Maercker, A. *Helv. Chim. Acta* **1995**, 78, 1913.

Page 495, right column, reference 3, line 3. "37, 43" should be replaced by "37, 430".

The authors apologize for having omitted these references. The changes do not affect the outcome and conclusions of the study.
