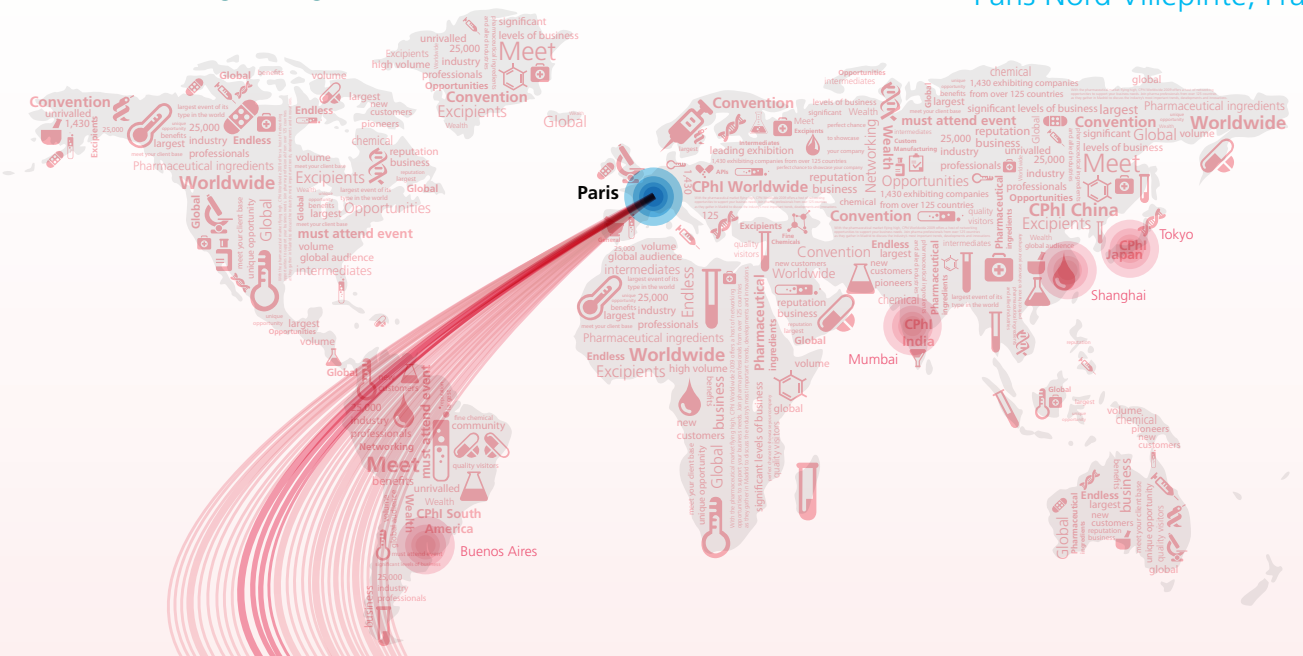
CPhI worldwide
where intelligence gathers

CPhI Worldwide
5-7 October 2010
Paris Nord Villepinte, France



New for 2010: the Fine Chemicals zone at CPhI Worldwide.

Designed for maximum business efficiency.

CPhI Worldwide 2010 is introducing six new zones, identified by colour-coded symbols that will showcase and bring together businesses from the main sectors of the pharmaceutical ingredients industry.

Featured areas include a new dedicated Fine Chemicals zone to help you quickly and easily navigate this unique and unrivalled event. React and connect with your fine chemicals partners, by networking with major global brands, leading independents and new entrants in both established and emerging markets.

Held over three days, CPhI Worldwide 2010 will take place in Paris and is the market leading event attended by key professionals from the global pharmaceutical ingredients community.
