

10th Annual Florida Heterocyclic and Synthetic IUPAC-Sponsored Conference (FloHet-10)

Organized by ARKAT USA, Inc. and the University of Florida, Department of Chemistry

To be held March 8th - March 11th, 2009
at the J. Wayne Reitz Union, University of Florida, Gainesville, FL, USA

The conference will feature lectures and courses on heterocyclic and synthetic chemistry. This meeting should be of interest to those in academic or industrial research particularly in the pharmaceutical, agricultural and custom chemicals areas.

There will be twelve plenary lectures in six sessions given by experts from academia and industry, and five sessions each comprised of a choice from two parallel invited lecture sessions or a short course on heterocyclic/synthetic chemistry given by Ron Castellano, Gilmo Cirrincione, Bill Dolbier, Gordon Gribble, and John Joule.

The conference includes a Poster Session (submissions are welcome) with a prize for the best poster. Chemical companies and publishers will exhibit their products and books.

Registration fees of \$1300 Industrial/\$650 Academic will include a Welcome Party, lunches, coffee and tea breaks on 9th, 10th, 11th, a buffet dinner on Monday, wine reception on Tuesday and a Farewell Party on Wednesday. Complimentary wine will be served at all evening functions.

Comments on FloHet-9

- ▶ I have gained a lot by attending
- ▶ The plenary lectures were excellent
- ▶ Immense pleasure to attend
- ▶ Speakers were of high caliber
- ▶ Few other scientific events from which I benefited so much
- ▶ The meeting was excellent, and exceeded my expectations in virtually every regard
